LAPTOP, DESKTOP COMPUTER & ACCESSORIES POLICY

Associates shall always exercise appropriate professional judgment and common sense when using Greenlight Planets laptop/desktop computers, equipment and accessories. All laptops, equipment and accessories are company property and are provided to the company employees for a period as deemed appropriate. As a condition of their use, associates must comply with and agree to all the following:

- Associates should NOT attempt to install software or hardware or change the system configuration including network settings without consent from the IT Personnel.
- All associates are expected to protect laptops/desktop, equipment and accessories from damage and theft.
- Each associate is monetarily responsible for any hardware damage that occurs off practice premises and/or software damage and will personally bear the FULL repair costs if the damage that have occurred are found to have resulted from personal negligence.
- Associates will not be held responsible for computer problems resulting from regular work-related use; however, associates will be held personally responsible for any problems caused by their negligence as deemed by Greenlight Planet IT Personnel.
- Associates will provide access to any laptop computer or accessories they have been assigned upon the company request.

General Laptop and Desktop Rules

You are responsible for protecting your laptop and desktop from loss or theft and for protecting the information it contains. These rules are provided to assist in assuring that your laptop and desktop are secure always. All conceivable situations cannot be covered in this document. Associates must realize that common sense should be your guide when faced with unusual or unforeseen situations.

General Rules

- Power off your laptop/Desktop whenever it is not in use. Do not carry the laptop in suspend or hibernation mode.
- Personal use of laptop/Desktop, equipment and accessories is prohibited
- Keep your laptop close to you and in sight. Otherwise, keep it locked away securely. It only takes a moment for a thief to walk away with your laptop.
- Other forms of user authentication should be kept separate from your laptop always.
- Travel without your laptop if it is not needed.
- Since the laptop's keyboard and touch pad are permanently attached to the rest of the system, make sure that your hands are clean before using them. Because hand lotion is a major contributing factor to dirt and dust, please make sure your hands are free from lotion before using the computer. It is costly to change a laptop keyboard and/or touchpad that has been damaged be excessive dirt.
- Do not place drinks or food near your laptop or Desktop.
